

consultations with the U.S. Fish and Wildlife Service and National Marine Fisheries Service.

The TCMP is the culmination of several years of development by the State of Texas, interest groups, the general public, federal agencies, and in consultation with NOAA. The TCMP consists of numerous state policies on diverse coastal management issues which are prescribed by statute and other legal mechanisms and made enforceable under state law. The TCMP will improve the decision making process for determining appropriate coastal land and water uses in light of resource consideration and increase public awareness of coastal resources and processes. The TCMP will increase long term protection of the state's coastal resources, while providing for sustainable economic development.

NOAA approval of the TCMP makes the state eligible for federal financial assistance for program administration and enhancement under sections 306, 306A, 308 and 309 of the CZMA (16 U.S.C. §§ 1455, 1455a, 1456a, and 1456b). Texas has submitted an application for \$800,000 in FY 1996 Federal CZMA funds which are available to Texas. These funds will generally be used to assist the state administer the various state and local authorities included in the TCMP as well as be used to fund local management efforts to increase public access, restore damaged resources and manage coastal erosion.

NOAA approval of the TCMP also makes operational, as of the date of this Federal Register notice, the CZMA federal consistency requirement with respect to the TCMP (16 U.S.C. 1456; 15 CFR part 930). Therefore, as of today, direct federal activities occurring within or outside the Texas Coastal Zone that are reasonably likely to affect any land or water use or natural resources of the Texas Coastal Zone must be consistent to the maximum extent practicable with the enforceable policies of the TCMP. In addition, activities within or outside the Texas Coastal Zone requiring a federal license or permit listed in the P/FEIS, and federal financial assistance to state agencies and local governments that are reasonably likely to affect any land or water use or natural resource of the Texas Coastal Zone must be consistent with the enforceable policies of the TCMP.

Chapter 4 and Appendix C1 of the P/FEIS identify the enforceable policies of the Texas program. Chapter 5 and Appendix C4 of the P/FEIS identify federally licensed or permitted activities subject to the federal consistency requirements. Chapter 5 and Appendix

C4 of the P/FEIS, as well as the CZMA regulations at 15 CFR part 930, provide specific procedures to be used in the Federal/State coordination process.
